

JDN Big Bag Handling Air Hoists

For Big Bag Handling J.D. Neuhaus offers innovative design solutions to meet the special requirements for these applications. Available in capacities of 1000kg and 2000kg with an air pressure of 6 bar. Also available with one or two hooks.

Features

- Particularly suited for use as big bag handling.
- Compact modern, low headroom design.
- Suitable for use as a synchronised hoist in twin-hook design.
- The use of JDN standard components guarantees reliable operation and cost effective manufacture.
- No additional motor lubrication required.
- Small number of maintenance/wear free moving parts.
- Chain bucket included as standard.
- Suitable for a wide variety of beam sizes/profiles, with hook centres to suit your requirements.

Applications

Big Bag Handling System with 2 JDN (Air Hoists) PROFi 2 Ti in Motor Trolley for operation in Zone 1. Important in this case was that the PROFis are suitable for oil-free operation.
