

# JDN mini Air Hoist with travel case

The popular JDN mini Air Hoist is now available with an exclusive JDN carry case, making it a convenient way to travel with your hoist, or easier to store when not in use.

With its patented motor brake system and robust aluminium housing the JDN mini consists of only a few components result in low and easy maintenance. Due to its small headroom and light weight the JDN mini is easy to handle and move around.

## Features

- Manufactured in Germany under strict quality control.
- Insensitive to dust, humidity & temperatures from – 20°C up to approx. +50°C.
- Suitable for application in hazardous areas and horizontal pulling.
- Self-cooling air motor that will not overheat.
- Convenient carry case - take it anywhere or store it!
- Ready to use, comes complete with air hoses and fittings.
- Available in 125kg & 250kg capacity.

*Now available in a  
convenient portable  
travel case*
