

Pacific Lifter Trolleys

Raising heavy loads with the use of hydraulics, Pacific Lifter Trolleys are the safe and versatile way to transport goods in warehouses, workshops, libraries, loading docks, hospitals, assembly lines as well as nurseries. In fact, most environments where loads are manoeuvred make the Pacific Lifter trolley the perfect aid.

Features

- Single and double scissor lift models for high reach.
- Castor wheels enable easy positioning in tight spaces.
- Sealed bearing wheels for durability and cleanliness.
- Positive braking system on rear wheels for safety.
- Overload valve ensures load limit is not exceeded.
- Special hydraulic valving ensures loads lower slowly.
- One-piece table-top for strength and easy cleaning.
- Handle folds flat for storage on 150kg & 300kg models.

Reduce Back Injury

Pacific Hoists range of mobile lifting equipment is designed to reduce the risk of back injury in the workforce.

The Pacific lifter trolley comes in six models with capacities ranging from 150 kg to 800 kg. Lift height also varies with the high lift model PH350H, lifting to 1400 mm. Lifter trolleys are a safe and versatile way to transport goods in warehouses, offices, workshops, nurseries, hospitals etc. They can be used as a mobile workbench when required. All models have positive braking systems for safety and have CE conformance – passing the strict European requirements.
