

Pacific Scissor Lift Trolleys

A quality material handling aid that needs little effort to produce big results.

The Pacific range significantly reduces risk of back injuries by making lifting and shifting loads of up to 500kg light work.

A foot operated hydraulic pedal ensures the load raises with ease and an ergonomic lever controls lowering to providing a safe operation every time.

Features

- Choice of four lifting capacities from 150 - 500 kg & lifting heights from 220mm to 1340mm.
- Safety features including - toe guards on all castor wheels & fitted metal knee guard for added protection.
- Hydraulic valving system ensures loads lower slowly.
- Easy to use foot operation for minimum effort when lifting.
- Collapsible handle on PST150, PST300, PST500 models.
